+1 (713) 213 - 7124 (Text or Email Preferred) | bunie.emegwa@gmail.com | [Portfolio](#)

PROFESSIONAL SUMMARY

Ambitious beginner and college graduate actively pivoting into the IT and cloud computing space. Combining self-taught knowledge in core cloud infrastructure, HTML, and CSS with hands-on experience designing website navigation, organizing project files, and mapping out web layout structure. Eager to leverage my foundational skills to track, test, and improve digital systems.

CERTIFICATION

- **AWS Cloud Practitioner (CLF-C02) Certification** - AWS Skill Builder | June 2026
- **Google UX Design Professional Certification** - Coursera | January 2024

SKILL

- **Cloud & Infrastructure:** Cloud Computing Concepts, AWS Global Infrastructure, Cloud Security & Compliance, Shared Responsibility Model, Identity & Access Management (IAM), Networking Basics
- **Technical Compliance & Methods:** System Auditing, Technical Documentation, User-Centered Research, Data Analysis, Quality Assurance (QA) Testing
- **Web Foundations & Accessibility:** HTML, CSS, JavaScript, WCAG 2.1/2.2 Compliance

EDUCATION

University of North Texas | Denton, TX | May 2023 - Bachelor of Arts in Interdisciplinary Arts and Design Studies

EXPERIENCE

Product Operations Intern - eTe-Optimiza | Remote June 2026 - Present

- Reviewed the corporate website to find confusing menus and links, helping reorganize the pages so it is easier for users to find what they need
- Helped the team stay organized by writing clear notes and documentation, making sure everyone from the project leaders to the creators were on the same page
- Participate in weekly technical sprint reviews, preparing structured status reports and mapping out project milestones to ensure on-time delivery of system updates

Freelance UI/UX Designer - DTW (Dividing the Word of Truth) | Remote August 2024 - July 2025

- Architected user flows and information hierarchies for the application, optimizing and strengthening overall system usability
- Tested web pages against basic accessibility rules (WCAG) to make sure the text, colors, and buttons work well for people with disabilities
- Created over 30 wireframes, mockups and interactive prototypes that streamline and improve navigation by 15%

UI Design Intern - Empowered Hands | Houston, Texas November 2023 - February 2024

- Collaborated directly with the founder to design the front-end layout and navigation structure of the website, focusing on clear site logic and a smooth user experience
- Produced and managed digital media assets, including graphics and event banners, ensuring consistent formatting and optimization for web deployment
- Refined designs through feedback, aligning improvements with best practices and accessibility standards
